MSMB DESK

Affordable smart IT for every SMB.

MSMB DESK

DIGITAL ECOSYSTEM

Affordable Smart IT for Every SMB

MSMB DESK is a distributed digital enablement ecosystem designed to make practical, scalable and subscription-friendly technology more accessible to small and medium businesses.

OUR VISION

Make smart, affordable and scalable digital capabilities accessible to MSMBs through a distributed ecosystem.

OUR MISSION

Democratize digital enablement, enable local partners and scale through a distributed model.

A CONNECTED ECOSYSTEM

ECOSYSTEM • ENABLEMENT • GROWTH

A partner-led model connecting technology capabilities, localized delivery, business services and market access.

DIGITAL ENABLEMENT ECOSYSTEM

ECOSYSTEM SERVICES

Practical digital capabilities delivered through a connected partner ecosystem

CORE DIGITAL CAPABILITIES

The ecosystem is designed around modular services that can be configured for business requirements, delivered locally or through cloud-enabled environments, and expanded as adoption grows.

01 **Business Operations**

Ledger / daybook, cash-flow entry, stock and inventory-oriented business services.

02 **Subscription Services**

Modular digital services that can be activated, configured and expanded according to business needs.

03 **Integration Services**

Connect business applications and complementary partner services to support practical digital business needs.

04 **Partner Enablement**

A structured operating model for resellers, consultants and local technology partners.

05 **Regional Service Delivery**

Digital services delivered through local partners for regional or industry-specific business needs.

06 **Marketing Enablement**

Partner-led market development, customer acquisition and local ecosystem growth.

HOW THE ECOSYSTEM WORKS

01	02	03	04	05	06
SELECT	**ACTIVATE**	**DELIVER**	**CONNECT**	**GROW**	**EXPAND**
Select services	Choose capabilities	Local partner delivery	Connect services	Partner-led outreach	Add services as needed

DESIGNED FOR

Affordability • Local Delivery • Modularity • Scalability

Simple adoption, localized support, modular services and a partner-led growth engine.

ESaaS: ECOSYSTEM-ENABLED IT AS A SERVICE

A delivery philosophy for connected, modular and locally enabled digital services

BEYOND SOFTWARE ACCESS

ESaaS describes MSMB DESK's proposed ecosystem-led approach to digital service delivery. It brings technology capabilities, partner coordination and practical business enablement together so MSMBs can access services suited to their needs and grow progressively.

THE THREE CONNECTED DIMENSIONS

01 TECHNOLOGY

Applications, platforms, APIs, cloud-enabled environments and specialist digital services.

02 ECOSYSTEM

Technology providers, licensing and service frameworks, integration and coordinated partner roles.

03 LOCAL ENABLEMENT

Business discovery, onboarding, implementation, adoption support and ongoing service.

HOW ESaaS CAN WORK

01 DISCOVER — Understand business needs

02 COMPOSE — Select suitable services

03 ENABLE — Deliver with partners

04 EVOLVE — Adapt as needs change

ESaaS DESIGN THOUGHTS

A service model built around practical adoption—not just software access

MODULAR	Start with needed capabilities; expand progressively.
INTEROPERABLE	Connect suitable applications and services through APIs.
PARTNER-ENABLED	Clarify technology, delivery and service partner roles.
ACCOUNTABLE	Define licensing, data, support and service expectations.
OUTCOME-ORIENTED	Focus on adoption and business usefulness.

THE MSMB DESK PERSPECTIVE

ESaaS is presented as MSMB DESK's proposed ecosystem-enabled delivery concept. Its operating model, partner arrangements and service scope will be shaped through validation, implementation and collaboration.

PARTNER & COMMERCIAL MODEL

A structured route for technology companies and ecosystem participants

A PARTNER-LED GROWTH FRAMEWORK

MSMB DESK brings together complementary partner roles so technology capabilities, market development, local delivery and business services can work as one ecosystem.

01 **Technology Partner**

Architecture, product engineering, integrations, cloud and long-term platform support.

02 **Ecosystem Growth Partner**

Market development, partner acquisition, local relationships and customer pipeline.

03 **Reseller / Local Partner**

Customer acquisition, onboarding, implementation and first-line business support.

04 **Service Partner**

Industry-specific applications, APIs, managed services and complementary digital capabilities.

VALUE CREATED ACROSS THE ECOSYSTEM

MSMB CUSTOMERS

Access practical digital services without needing a large IT footprint.

RESELLERS & CONSULTANTS

Create recurring business opportunities through localized service delivery.

TECHNOLOGY PARTNERS

Extend products and services into a distributed MSMB-focused ecosystem.

ECOSYSTEM LEADERS

Use common partner and commercial mechanisms to scale.

COMMERCIAL PRINCIPLE

LICENSING + REVENUE SHARING + PARTNER-FUNDED EXECUTION

Commercial terms can be structured according to each partner's contribution, market role and responsibilities.

LET'S BUILD THE ECOSYSTEM

Technology Partners • Growth Partners • Resellers • Consultants • Service Providers

THE MSMB DESK OBJECTIVE

Real-life business needs. Practical digital enablement. Measurable ecosystem value.

FROM DIGITAL ACCESS

TO REAL BUSINESS IMPACT

MSMB DESK aims to make practical, affordable and scalable digital capabilities part of everyday MSMB business life · not just enterprise technology.

WHAT MSMB DESK SEEKS TO ENABLE

01

ACCESS

Make digital capabilities more accessible to MSMB businesses.

02

LOCAL

Bring technology closer through local ecosystem participation.

03

MODULAR

Let businesses adopt services progressively as needs evolve.

04

CONNECTED

Connect businesses, partners and complementary services.

05

SUSTAINABLE GROWTH

Create long-term value for businesses, partners and communities.

LET'S BUILD THE ECOSYSTEM

PARTNER WITH MSMB DESK

Explore regional collaboration to enable affordable digital services for MSMBs

MSMB DESK connects technology capabilities, local partners and business services through a distributed digital enablement ecosystem. We welcome conversations with organizations interested in helping MSMBs access practical, affordable and scalable digital services.

COLLABORATION OPPORTUNITIES

01 Technology Partner

Product engineering, integrations, technology services and long-term platform support.

02 Ecosystem Growth Partner

Regional market development, partner acquisition, local relationships and customer pipeline.

03 Reseller / Local Partner

Customer acquisition, onboarding, implementation and first-line business support.

04 Service Partner

Industry-specific applications, digital services and complementary technology capabilities.

COMMERCIAL PRINCIPLE

LICENSING + REVENUE SHARING + PARTNER-FUNDED EXECUTION

Commercial terms can be structured according to each partner's contribution, market role and responsibilities.
